## DAY-BY-DAY ITINERARY:

### DAY 01 (SAT): USA / PANAMA CITY

Travelers arriving this afternoon to **Panama City**, the country's capital on the Pacific coast, are met at the Tocumen International Airport by a Southwind representative and transferred to the historical **American Trade Hotel**, located at "Casco Viejo" (Old Town) in a beautifully restored Spanish colonial building. Meals are on your own.

### DAY 02 (SUN): PANAMA CITY / GAMBOA RESORT

How do huge cargo vessels pass through the Panama Canal? Start the day by unlocking the secrets of canal at the **Miraflores Locks**. You'll see the rising and dropping of the ships as they make their way between the only passage of water joining the Atlantic and Pacific Oceans.

Then, amble through the **Old Town** on foot, taking in the bright colors and architectural mixtures of Panama's many heritages – Spanish, French, Italian, and American. Old Town's charming churches, plazas, palaces and promenades have been spruced up to their original glory by a recent restoration project, which gained the district lofty status as a UNESCO World Heritage Site. From a vantage point on top of Old Town's wall, look out over the Pacific Ocean and see the modern skyline of downtown Panama City. Enjoy a delicious lunch at nearby Casa Antigua or Las Clementinas Restaurants.

Before heading into the rainforest, we'll have one more stop in the city – the fascinating **Biodiversity Museum**. Here, world-famous North American architect Frank Gehry created his only work in Latin America. The building and its eight permanent exhibition galleries are a narrative, explaining Panama's natural history as an isthmus with vast biodiversity. From here, depart on the one-hour drive to **Gamboa Rainforest Resort**, a sanctuary deep in the heart of the rainforest. (B,L)

### DAY 03 (MON): SOBERANIA NATIONAL PARK / EMBERA VILLAGE

Tropical wildlife viewing and a deep village encounter await us today in **Soberania National Park**. You'll find yourself perched on a 130-foot-tall observation tower, amidst the treetops, binoculars in focus. With a bit of luck, you'll see the morning flight of the keel-billed toucan or a black hawk-eagle and glimpse the elusive mantled howler monkeys. A visit to the Discovery Center and a nature hike along the surrounding trails will round out the morning rainforest excursion. See how many of the National Park's 525 species of birds and 105 species of mammals will you come across.

After a buffet lunch back at the Gamboa Rainforest Resort, you'll find yourself gliding along the Gatun River in a dugout canoe to meet our welcoming indigenous hosts from the **Embera Quera community**. Cultures mingle here as you learn about their customs and beliefs, sample the traditional body painting, witness their music and dance, and admire their handmade crafts such as masks, vases, baskets and carvings. Here, on the shores of the Gatun Lake, the Embera people live closely attuned to nature – lives very different from our own. Return to **Gamboa Rainforest Resort** for an evening of relaxation amidst the sound of birdsong and views of the sun setting on the Chagres River. (B,L)

### DAY 04 (TUE): PANAMA CANAL / BOQUETE

Today we'll meet again with the Panama Canal – this time in the heart of the rainforest. On a private expedition boat trip to **Gatun Lake**, we'll bypass huge tankers and cargo ships, all while surrounded by the sights and sounds of the jungle. If you keep your eyes open, you may spot Howler monkeys, White-face Capuchin monkeys, and maybe even a sloth swinging lazily in the branches. In the water, look for caiman and turtles swimming along oblivious to the river traffic.

Before a satisfying lunch at Gamboa Rainforest Resort, we'll have one more visit to the forest's canopy aboard an **aerial tram!** The tram ascends 280 feet above ground, covering half a mile and culminating at the top of a hill where an observation tower awaits. Ramping up another 100 feet to the top of the tower, you'll have a bird's eye view of the Chagres River, the only river in the world that flows into two oceans. The neon colors of Panama's tropical forest jump out from below.

## Panama Tropical Discovery

A short drive to the Albrook National Airport and a 35 minute flight to David (capital of the Chiriqui province in western Panama) bring us to Boquete. This is the country's fertile "breadbasket", a highland area of spectacular volcanoes that provides fertile farmlands, lush cloud forests, and cooler fresh air compared to the rainforest and the coast. Transfer by van to the eastern side of the dormant Baru Volcano (the tallest mountain in Panama, at 11,398' high), reaching the quaint town of Boquete with its coffee plantations and extraordinary cloud forest ecosystem. Check in to **Finca Lerida**, just outside town. Finca Lerida is an ecolodge on a private nature reserve and coffee plantation, located at an altitude ranging from 5,000 to 10,000 feet. It is a great place for spotting Quetzals and other colorful exotic birds. Dinner is on your own this evening. (B,L)

### DAY 05 (WED): BOQUETE

Get ready for treetop thrills this morning at the **Tree Trek zip line!** This zip line park gives you a safe, close-up, aerial view of the highland forest, bordering La Amistad National Park and Baru Volcano, from fourteen different canopy platforms spanning 1.8 miles in length. You'll glide along the cables through the most diverse part of the cloud forest ecosystem – the canopy – where most of the birds, insects and mammals dwell. A bistro-style lunch is served in a mountain restaurant's outdoor terrace beside a garden overlooking the Palo Alto River.

Afterwards, a waterfall hike through the **Falling Waters Nature Reserve** awaits. This remarkable trail passes through virgin cloud forest, retracing the steps of pre-Columbian Indians who panned for gold in these waters. You'll be hiking alongside Quebrada La Mina, a stream of clear waters that feeds the Rio Caldera. Among the series of waterfalls, you can even explore an underground cave and bathe yourself in the mists of the cascades. Return to **Finca Lerida** for the evening and to enjoy its fine Mediterranean and local cuisine at La Brulerie restaurant. (B,L)

### DAY 06 (THU): FINCA LERIDA / PACIFIC COAST

Join other guests at **Finca Lerida** early this morning for a guided birdwatching and nature hike through the 900-acre estate bordering Amistad National Park, a natural reserve protected both by Panama and Costa Rica. It has been declared a UNESCO Natural World Heritage Site. Look for the Resplendent quetzal perched in the Aguacatillo tree where it eats its favorite fruit. It is thanks to Finca Lerida's conservation efforts that Quetzals and so many other rare birds (up to 250 species in this area) can still be appreciated. The nature trails pass through primary and secondary forests and also by the coffee fields, each in a slightly different microclimate, which adds variety to the kinds of beans cultivated.

After a pleasant lunch at Finca Lerida, we'll head out to the next portion of the trip – the coast! But first, we'll take in a 'bean to cup' coffee experience at **Finca La Milagrosa**. At this coffee plantation, we'll zoom in even closer on the coffee production process – from cultivation, harvest, humidity, and drying to roasting, grinding, and of course tasting! You will train your tongue on difference between Arabica and Robusta, the subtleties of Italian and French roast, and learn the traditional and artisanal aspects that make this coffee a 100% organic specialty product.

After a 2-hour scenic drive this afternoon, smell the marine scent in the air as we approach Boca Chica, a small fishing village along Panama's central Pacific Coast. This village, still mostly local and un-trodden by tourists, is uniquely positioned as the gateway to both Gulf of Chiriquí National Park and the neighboring island of Boca Brava. Check into the **Bocas Del Mar Hotel**, where you're free to explore the seaside atmosphere and find a dining option – perhaps delicious fresh fish or lobster at the resort restaurant. (B,L)

### DAY 07 (FRI): GULF OF CHIRIQUI NATIONAL PARK

This morning, join other Bocas Del Mar guests for a special **Island Discovery boat excursion**. You'll head out into the stunning Gulf of Chiriqui Marine National Park with your local captain to the nearby islands. The national park, covering 60 square miles of ocean and islands, is known for its green iguana lizards, humpback whales, dolphins, manta rays, several species of turtles, stingrays, monkeys, and hundreds of types of exotic birds and tropical fish. Observe the marine life with the breeze in your hair and feel the warm tropical sunshine and sand between your toes on pristine white beaches. The boat will make one or two stops for snorkeling and beach relaxation at Isla Bolaños, Isla Paridas or Isla Gámez.

Return to Bocas Del Mar on time for lunch overlooking the sea. Afterwards you'll have a few hours at leisure on your own to soak up sun on the beach or by the hotel's beautiful infinity pools. Then, celebrate the sunset today aboard the hotel's own boat. Head out late afternoon for the Sundown Mangrove excursion and cruise along the serene waterways looking for

wildlife and surrounded by amazing river forest vegetation. The environment here is totally different from this morning's excursion, inspiring wonder at such diversity in nearby landscapes. Toast the sunset as the boat navigates the Pacific Ocean just in time to watch the sun release a smattering of color as it disappears behind the water. Spend another pleasant night at the **Bocas Del Mar Hotel** with dinner on your own at the resort or to explore nearby Boca Chica.

(B,L)

### **DAY 08 (SAT): PACIFIC COAST / PANAMA CITY**

As a final journey on the water from Bocas Del Mar, we'll take a **kayaking tour** inshore to the calm, tropical waters surrounding Boca Chica. On this private guided excursion, enjoy unique access to local beaches and move at your own pace. You can choose between a single or a double kayak or even a pedal boat for exploration along the coast and into the thick of the mangroves. Instruction will be provided on paddling technique, self-rescue, navigation, packing and other elements of expedition sea kayaking. Cover about 4 to 6 miles, taking time to snorkel, relax, and walk along the beaches.

Return to the hotel for a delightful seaside lunch, then transfer one hour by vehicle to **David** airport for a short flight back to **Panama City**. Meet a Southwind representative on arrival and transfer to the elegant and central **Bristol Panama** for the night. Experience the vibrant city life with a final dinner on your own this evening to try the hotel's Salsipuedes restaurant or one of the fine restaurants nearby.

(B,L)

### **DAY 09 (SUN): PANAMA CITY / USA**

After an early breakfast, transfer to the Tocumen International Airport to board your international flight home. Arrive in the USA this afternoon and make onward connections home.

**TRAVEL INSURANCE:** We strongly recommend purchasing coverage to protect your trip investment. Travel insurance is important in case of unexpected events prior to departure causing the need to cancel or change your dates. Weather, geologic events, local strikes, personal injury/illness for you, your traveling companion or family members, could require itinerary interruption or changes. Missed connections, delayed arrival, lost/delayed baggage or the need for medical attention or evacuation are also reasons why coverage is important. Southwind offers several plans through Travel Insured International (TII) to fit your budget and coverage amount. We recommend TII's *Worldwide Trip Protector* which offers a good value and **free coverage for kids 17/under traveling with a related adult**. If you, your traveling companion or a family member has a pre-existing medical condition, you can still receive coverage if a recurrence of the condition forces you to cancel your trip (some restrictions apply and plan purchase needs to be done **within 21 days of your deposit date**). See our [Travel Insurance](#) page to learn more and purchase a plan.

**WEATHER:** Panama enjoys a warm tropical climate year-round, with a rainy season between May and November. Average high temperatures are in the lower 80s, with average low temperatures in the mid 60s year-round. The weather varies considerably based on the region, with microclimates that depend on elevation and geography. The climate on the Pacific coast is humid and warmer, and in the highlands expect less humidity and cooler temperatures. Panama is a year-round destination, but ideal time to visit is during the "summer" dry season of December-April.

**ESTIMATED AIRFARE:** The Land Cost DOES NOT INCLUDE ANY FLIGHTS. Round-trip international air from US gateways (New York, Los Angeles, San Francisco, Miami, Houston, Dallas, Denver, Atlanta) is approximately \$500-\$900
